is WiredScore certified!

WiredScore
PLATINUM

WiredScore is the world's only internationally recognized digital connectivity rating scheme. Gallery 64 has been awarded a WiredScore Platinum rating for its outstanding digital connectivity!

Your home has a fast and reliable internet connection. It means your landlord cares enough about the people who live here to make sure their building is ready for the technologies of tomorrow.

What does this mean?

Stability

When it comes to improving your in-home connectivity, your landlord will be able to provide helpful tips and advice on how to maximize your Wi-Fi.

Speed

Your landlord has provided you with a range of connectivity services and packages, including gigabit or symmetrical internet.

Security

Your internet is fully protected against data theft via secure connectivity equipment in place throughout in the building.

Setup

We all like choice. That's why your landlord has made sure you have ready access to a range of internet service providers, so you can choose the option that works best for you.

Services

On the day you move into your new home, you will be able to connect to the internet with ease and efficiency. And that's a promise.
